

Corinthian Stoneworks

- ❖ We provide dimensional cutting, carving and restoration of all natural stones, ornamental, architectural of traditional and contemporary designs.
- ❖ Our work includes entryways, fireplaces, stairs, sills, arches, cornice, pedestals, coping, columns, capitals, balustrades, artwork in 3D and relief, antiquities, museum handling, monuments, sculptures, exterior and interior stone pieces, fountains, pools and ponds, molding, and large work for all that the imagination and creative spirit, together with hands on experience and abilities, can achieve to complete the product and project.

Design

- ❖ Our design work includes stone and all types of landscaping structure design and, placement upon the land, site engineering, horticulture, garden and landscapes. Intricacy to detail on all jobs with proven experience for over twenty years.
- ❖ We design new products consisting of exclusive, original or custom designs in natural limestone, sandstone, granite, slate, marble and all other natural stone. We create complete corporate awards, such as pyramids, bookends, paperweights, bases and any and all other design products to provide maximum selection to fulfill the needs of your envisioned awards.
